My Cash Balance Sheet

Cash Custody & Carry Forward | User-wise cash only

DOCUMENT 01 OF 14

Report Name / Screen:* My Balance Sheet (UI label recommended: My Cash Balance Sheet)

Seedha faisla:* Existing layout useful hai; formula aur custody movement ledger ko verify/complete karna hai.

Is PDF mein required fields, source se data ka flow, formulas, example amounts, access aur test cases document kiye gaye hain.

Important: Empty records ko fault nahi samjha gaya. Is report mein jo bhi improvement likhi hai woh design/verification requirement hai - screenshot se existing backend ka implementation confirm nahi hota.

Practical accounting blueprint • Roman Urdu • PKR examples only

Index - is PDF ke topics

1. Pehle se kya sahi hai 3
2. Kya add / change / verify karna hai 3
3. Data kahan se aaye ga 3
4. Required fields aur top filters 3
5. Sahi accounting formulas 4
6. Step-by-step transaction flow 4
7. Accounting events - income, expense aur cash alag 4
8. Example - sirf samajhne ke liye 5
9. Doosri reports se cross-check 5
10. Portal access aur security 5
11. Developer tests - kab sahi mana jaye 6
12. Saari reports par same accounting rules 6
13. Final developer instruction 6

Note: Index ke page numbers automatically final PDF ke mutabiq update kiye gaye hain.

1. Pehle se kya sahi hai

- Current Shift, Today, Yesterday, This Week, This Month, Custom filters sahi hain.
- Payments (Collections) aur Expenses & Refunds ka separate view sahi hai.
- Opening, Cash Collections, Expected Cash, Remaining Unsettled aur user/branch selectors useful hain.

2. Kya add / change / verify karna hai

- "Opening / Petty Cash" ko "Opening / Carry Forward Cash" kar dein; petty cash module nahi banana.
- Cash Tips Received, Tips Paid, Authorized Cash Transfers In/Out, Accepted Settlements Out ke distinct rows.
- Submitted Pending Settlement amount, Counted Cash (when entered), Difference, Active Shift ID aur Last Accepted Settlement.
- Cash received by user hi custody owner ho; sirf invoice banane wale ko cash assign na karein.
- Selected user aur period ke start/end balances separately; open shift versus historical shift clarify. Today/Custom ke liye period opening = selected start se bilkul pehle ledger balance; har shift ka opening dobara sum na ho.
- Physical Count / Counted Cash only when a count or settlement exists; no fabricated zero shortage for open shifts.
- Reconcile per user, branch, assigned drawer and business shift; cash custody of vault/management as separate authorized custodian.
- Opening/carry never interpreted as new-day income; cash-out and cash-in same amount for internal accepted transfers.

3. Data kahan se aaye ga

Source module / event	Rule - kya read karna hai
Opening carry forward	Last closed/accepted shift ka remaining cash; authorized opening entry; same user+branch+drawer.
Cash sale and partial collection	POS posted payment records: method=CASH, actual Collected By, shift and payment timestamp.
Cash tips	POS tip tender CASH, aur separate staff tip payout events; tips sales nahi.
Cash refund / expense	Posted cash refund and approved cash-paid expense records; unique posting ref.
Settlement / custody transfer	Only accepted handovers / transfers as cash-out for sender and cash-in for receiver.
Cash count and variance	Shift cash count or settlement submission record; counted amount alag stored.

4. Required fields aur top filters

Table fields:* Date/Time | Ref # | Cash In / Cash Out | Source | Branch | Actual User | Shift / Drawer | Amount | Running Cash Balance | Status

Top filters:* Period + Current Shift | Branch (scope-based) | User (permission based) | Shift/Drawer | Movement Source | Cash Direction | Posted / Reversed

5. Sahi accounting formulas

Opening Cash

Previous shift ka accepted closing carried amount + authorized opening adjustment (agar ho).

Expected Cash Before Settlement

Opening + Cash Collections + Cash Tips Received + Accepted Transfers In - Cash Refunds - Cash Expenses Paid - Cash Tips Paid - Other Accepted Transfers Out.

Current Available Cash

Expected Cash Before Settlement - Accepted Settlements Out.

Difference / Variance

Counted Cash - Current Available Cash (same snapshot time par).

Next Shift Opening

Previous shift accepted closing cash jo user ki custody mein reh gaya; previous transactions dobara include nahi hongi.

Date-Range Opening

Selected From-Date se pehle posted user cash ledger ka closing balance, chahe range mein multiple shifts hon; shift openings ko income na samjhein.

Unsettled Amount

Expected cash held by sender - accepted handover / accepted transfers, subject to unresolved authorized cash adjustments and exact as-of cutoff.

Branch Physical Custody

Sum current cash in each active cashier drawer + management vault + other authorized drawers; eliminate paired transfers, count each location once.

6. Step-by-step transaction flow

- 1. Shift open par carried opening snapshot freeze hoga.
- 2. Cash tender posted ho to collector ke cash ledger mein ek debit / cash-in entry aayegi.
- 3. Refund, tip payout, cash-paid expense post ho to cash-out entry aayegi.
- 4. Settlement submit ho to status Pending; double deduction nahi hogi.
- 5. Receiver amount physically accept kare to sender Cash-Out aur receiver Cash-In atomically linked post honge.
- 6. Cash bach gaya ho to next shift opening uska closing carry forward banayen.

7. Accounting events - income, expense aur cash alag

Conceptual posting view; actual ledger implementation mein linked Debit/Credit entries aur appropriate liability/asset accounts use hon.

Event	First impact	Second impact
Cash sale receipt (net sale 1,000, no tax/tip)	Cash Drawer +1,000	Recognized revenue +1,000 (only once)
Accepted handover 800	Sender Drawer -800	Receiver Vault/Drawer +800
Carry-forward 200	Previous shift closing 200	Next shift opening 200, no income

8. Example - sirf samajhne ke liye

Example PKR values testing ke liye hain; current production database ya screenshot ke verified amounts nahi.

Example Item	Amount / Result
Opening Carry	1,000
Cash Sales Collected	+ 5,000
Cash Tips Received	+ 500
Cash Refunds	- 300
Cash Tips Paid	- 200
Cash Expense Paid	- 500
Expected Before Settlement	5,500
Accepted Handover	- 4,500
Remaining / Carry Forward	1,000

9. Doosri reports se cross-check

- Cash in balance sheet = cash ledger by user + shift; no bank payment inside cash.
- Sum of all users/drawers + vault = physical branch cash; user transfer double count na karein.
- Dashboard physical cash KPI current custody as-of same time/scope se match kare. Today cash collections 0 aur custody 1,000 dono valid ho sakte hain agar 1,000 previous carry hai.
- Cash movements invoice collections se method=CASH par match; staff tip liability separately match.
- Refunds of old invoices use refund timestamp for cash movement, original refund event linkage for income/commission reversal.

10. Portal access aur security

Accountant: apni own statements aur settlement submit. Admin: own + branch scoped cashier statements/review; Super Admin: company scope; Staff sirf cash handler ho to own. Kisi ko apna handover self-approve nahi karna.

11. Developer tests - kab sahi mana jaye

- Test 1: Opening 1,000 + collection 500 => expected 1,500.
- Test 2: Online receipt 700 se expected physical cash change na ho.
- Test 3: Pending settlement 800 se posted cash immediately minus na ho.
- Test 4: Accepted settlement 800 => sender -800, receiver +800, combined unchanged.
- Test 5: Pichlay shift ki carry 200 next shift mein exactly once show ho.
- Test 6: Opening prior carry 1,000, no activity today: Today Collections=0; Current Custody=1,000.
- Test 7: Tip cash +500, tip payout 200: physical cash net +300 but revenue remains unchanged.

12. Saari reports par same accounting rules

- Posted row ke saath unique Source ID, Branch ID, actual user, date/time, status aur reversal reference hona zaroori hai.
- Valid transaction ko hard delete mat karein; linked reversal/refund se negative effect aur audit history maintain karein.
- Tax aur tips liability hain - Revenue/Operating Profit/Staff Commission base nahi.
- User Cash, Named Bank/Online Accounts, Revenue, Expense, Receivable, Payable aur Settlement alag ledgers/concepts hain.
- Report totals screen/CSV/PDF/Print sab par same filters aur same cutoff se match karein.
- Super Admin authorized all branches; Admin assigned branch; cashier/accountant own cash; settlement self-approval prohibited.

13. Final developer instruction

Existing SalonOS ki blue/white clean UI preserve karo. Report ko read-only rakho. Posting source module mein hi karo. Filters screen, CSV, PDF aur Print par identical apply karo. Har movement source reference, actor, branch, date-time, status aur original reversal se traceable ho. Frontend mock tests ke baad backend/database posting aur RBAC separately verify karo.

Scope: 14 requested PDF reports only. Petty Cash ka naya module nahi. Actual IFRS company Balance Sheet is package mein nahi - user-wise My Cash Balance Sheet hi required hai.
