Staff Salary Report

Finalized Payroll, Deductions and Payments

DOCUMENT 09 OF 14

Report Name / Screen:* Staff Salary Report

Seedha faisla:* Existing salary register useful; earned cost, deductions, net payable, paid and outstanding link karein.

Is PDF mein required fields, source se data ka flow, formulas, example amounts, access aur test cases document kiye gaye hain.

Important: Empty records ko fault nahi samjha gaya. Is report mein jo bhi improvement likhi hai woh design/verification requirement hai - screenshot se existing backend ka implementation confirm nahi hota.

Practical accounting blueprint • Roman Urdu • PKR examples only

Index - is PDF ke topics

1. Pehle se kya sahi hai 3
2. Kya add / change / verify karna hai 3
3. Data kahan se aaye ga 3
4. Required fields aur top filters 3
5. Sahi accounting formulas 3
6. Step-by-step transaction flow 4
7. Accounting events - income, expense aur cash alag 4
8. Example - sirf samajhne ke liye 4
9. Doosri reports se cross-check 4
10. Portal access aur security 5
11. Developer tests - kab sahi mana jaye 5
12. Saari reports par same accounting rules 5
13. Final developer instruction 5

Note: Index ke page numbers automatically final PDF ke mutabiq update kiye gaye hain.

1. Pehle se kya sahi hai

- Period, Payslip, Staff, Branch, Basic, Gross, Net, Paid, Outstanding fields correct.
- Month range and status filter suitable hain.

2. Kya add / change / verify karna hai

- Allowances, Approved Overtime, Attendance Deductions, Loan/Advance Recovery, Other Deductions in detail.
- Payroll finalized/posted status; salary expense vs salary payment separate.
- Salary Paid By, payment method, payroll date, approver and historical pay snapshots.
- Gross salary expense versus statutory withholding liabilities clearly differentiated.
- Private salary data role restricted, staff self-only payslips if supported.

3. Data kahan se aaye ga

Source module / event	Rule - kya read karna hai
Staff pay terms	Effective-dated salary, designation, bank payment preference.
Attendance / approved OT	Approved attendance deductions and manually approved OT snapshots.
Finalized payroll	Pay run and payslip canonical posting, locked after finalization.
Salary payouts	Cash/bank/online payment allocations linked to pay run.

4. Required fields aur top filters

Table fields:* Period | Payslip # | Staff | Basic | Allowances | Overtime | Deductions | Gross | Net Payable | Paid | Outstanding | Status

Top filters:* Branch | Staff | From/To Month | Pay Run Status | Payment Status

5. Sahi accounting formulas

Gross Salary

Basic Salary + approved allowances + approved overtime + other earnings.

Net Payable

Gross Salary - attendance penalties - authorized deductions - loan/advance recoveries - withholding.

Outstanding Salary

Net Payable - valid salary payout allocations.

Salary Expense

Recognized gross employer payroll cost (and employer charges if configured), posted once on finalization.

Cash / Bank Out

Only actual salary payout, not salary accrual or loan deduction itself.

6. Step-by-step transaction flow

- 1. Attendance/manual overtime complete and approved.
- 2. Payroll draft -> lock inputs with snapshots -> finalize.
- 3. Finalized payroll creates expense and employee payable.
- 4. Cash/bank payout reduces payable and account/custody; salary expense dobara nahi.
- 5. Correction linked authorized reversal / amended pay run; no silent changes.

7. Accounting events - income, expense aur cash alag

Conceptual posting view; actual ledger implementation mein linked Debit/Credit entries aur appropriate liability/asset accounts use hon.

Event	First impact	Second impact
Finalized gross salary 33,000	Salary Expense +33,000	Net payable and deduction liabilities as configured
Salary disbursement 20,000	Salary Payable -20,000	Bank/Cash -20,000

8. Example - sirf samajhne ke liye

Example PKR values testing ke liye hain; current production database ya screenshot ke verified amounts nahi.

Example Item	Amount / Result
Basic Salary	30,000
Approved Overtime	+ 2,000
Allowance	+ 1,000
Attendance Deduction	- 500
Loan Recovery	- 1,500
Net Payable	31,000
Paid via Bank	20,000
Outstanding	11,000

9. Doosri reports se cross-check

- Finalized salary expense to Income Expense/Operating Profit (one time).
- Salary payout to respective Bank/Cash ledger; unpaid remains salary payable.
- Overtime amount from approved OT report only once.

- Commission separate from salary unless payroll policy explicitly combines display; no double posting.

10. Portal access aur security

Salary reports private. Super Admin authorized, HR/Admin branch salary manager, Accountant only payout access per permissions, Staff only own if enabled.

11. Developer tests - kab sahi mana jaye

- Test 1: 33,000 gross - 2,000 deductions = 31,000 net.
- Test 2: Payout 20,000 leaves 11,000 outstanding.
- Test 3: Salary finalized unpaid impacts expense, not cash.
- Test 4: Rejected overtime does not enter payroll.

12. Saari reports par same accounting rules

- Posted row ke saath unique Source ID, Branch ID, actual user, date/time, status aur reversal reference hona zaroori hai.
- Valid transaction ko hard delete mat karein; linked reversal/refund se negative effect aur audit history maintain karein.
- Tax aur tips liability hain - Revenue/Operating Profit/Staff Commission base nahi.
- User Cash, Named Bank/Online Accounts, Revenue, Expense, Receivable, Payable aur Settlement alag ledgers/concepts hain.
- Report totals screen/CSV/PDF/Print sab par same filters aur same cutoff se match karein.
- Super Admin authorized all branches; Admin assigned branch; cashier/accountant own cash; settlement self-approval prohibited.

13. Final developer instruction

Existing SalonOS ki blue/white clean UI preserve karo. Report ko read-only rakho. Posting source module mein hi karo. Filters screen, CSV, PDF aur Print par identical apply karo. Har movement source reference, actor, branch, date-time, status aur original reversal se traceable ho. Frontend mock tests ke baad backend/database posting aur RBAC separately verify karo.

Scope: 14 requested PDF reports only. Petty Cash ka naya module nahi. Actual IFRS company Balance Sheet is package mein nahi - user-wise My Cash Balance Sheet hi required hai.
