Staff Commission Report

Earned, Reversed, Paid and Remaining Liability

DOCUMENT 10 OF 14

Report Name / Screen:* Staff Commission Report

Seedha faisla:* By Staff aur Commission Events tabs sahi. Allocation snapshots, reversals and payouts reconcile hon.

Is PDF mein required fields, source se data ka flow, formulas, example amounts, access aur test cases document kiye gaye hain.

Important: Empty records ko fault nahi samjha gaya. Is report mein jo bhi improvement likhi hai woh design/verification requirement hai - screenshot se existing backend ka implementation confirm nahi hota.

Practical accounting blueprint • Roman Urdu • PKR examples only

Index - is PDF ke topics

1. Pehle se kya sahi hai 3
2. Kya add / change / verify karna hai 3
3. Data kahan se aaye ga 3
4. Required fields aur top filters 3
5. Sahi accounting formulas 3
6. Step-by-step transaction flow 4
7. Accounting events - income, expense aur cash alag 4
8. Example - sirf samajhne ke liye 4
9. Doosri reports se cross-check 4
10. Portal access aur security 5
11. Developer tests - kab sahi mana jaye 5
12. Saari reports par same accounting rules 5
13. Final developer instruction 5

Note: Index ke page numbers automatically final PDF ke mutabiq update kiye gaye hain.

1. Pehle se kya sahi hai

- Staff, employee code, attributed net sales, opening liability, earned, reversed, net, paid columns sahi.
- By Staff aur Commission Events useful.

2. Kya add / change / verify karna hai

- Remaining Due = opening + earned - reversed - paid +/- adjustments, with period cutoff.
- Package component-level allocation, staff historical commission rate and responsible staff ID.
- Invoice refund/reversal idempotent negative commission event.
- Paid By, payment account/drawer, payment reference aur earned vs finalized commission statuses.
- Zero-tax, zero-tip commission base; do not count package price once per staff.

3. Data kahan se aaye ga

Source module / event	Rule - kya read karna hai
Invoice staff allocation	Posted POS service/package components and staff allocations with discount snapshots.
Commission policy snapshot	Staff/category/item commission rules as of invoice posting.
Commission reversal	Linked return/void/partial refund events and adjustment approval.
Commission payout	Actual payment events in cash or named online account.

4. Required fields aur top filters

Table fields:* Staff | Invoice/Line | Attributed Net | Rate | Earned | Reversed | Net Commission | Paid | Due | Reference | Status

Top filters:* Branch | Staff | Source | Invoice # | Date | Event Type | Paid Status

5. Sahi accounting formulas

Staff Attributed Net Sales

Staff ka allocated valid invoice net value after discount/refund; excludes tax/tips.

Earned Commission

Eligible attributed net sales × historical commission rate (or captured approved fixed rule).

Net Earned

Earned - Reversed +/- approved commission adjustments.

Closing Liability

Opening Commission Due + Net Earned - Commission Paid.

Payment Effect

Payout reduces liability and cash/bank asset; do not expense a second time.

6. Step-by-step transaction flow

- 1. Invoice post -> freeze staff allocation and commission rule snapshot.
- 2. Each relevant service/package component earns staff attribution once.
- 3. Commission earned event and expense/liability created.
- 4. Refund / void -> linked reversal at same historical basis.
- 5. Cash/bank commission payout -> liability settled and account deducted.

7. Accounting events - income, expense aur cash alag

Conceptual posting view; actual ledger implementation mein linked Debit/Credit entries aur appropriate liability/asset accounts use hon.

Event	First impact	Second impact
Staff commission earned 70	Commission Expense +70	Staff Commission Payable +70
Paid commission 40	Commission Payable -40	Bank/Cash -40
Refund-driven reversal 20	Commission Expense reversal -20	Commission Payable -20, if not settled; if paid handle recovery

8. Example - sirf samajhne ke liye

Example PKR values testing ke liye hain; current production database ya screenshot ke verified amounts nahi.

Example Item	Amount / Result
Package Net Sales	1,000
Staff Zafar Share	700
Staff Arham Share	300
Rate Both	10%
Zafar Earned	70
Arham Earned	30
Total Commission	100
Unpaid Commission Liability	100

9. Doosri reports se cross-check

- Sum staff attributed net = eligible posted service/package net, not tax/tip.
- Commission report earning = Income Expense commission expense and P&L line.

- Payouts match cash/bank ledger, earned not treated as cash.
- Staff performance attributed net sales same snapshot/filter concept.

10. Portal access aur security

Admin/Super Admin authorized branch/cross branch. Accountant own payout / scoped reports only. Individual employee sees own commission if policy allows.

11. Developer tests - kab sahi mana jaye

- Test 1: 1,000 package allocated 700+300 -> no duplicate revenue.
- Test 2: 10% commission -> 70 and 30, total 100.
- Test 3: Refund reverses earned once even if webhook retries.
- Test 4: Paid 40 against due 100 -> due 60.

12. Saari reports par same accounting rules

- Posted row ke saath unique Source ID, Branch ID, actual user, date/time, status aur reversal reference hona zaroori hai.
- Valid transaction ko hard delete mat karein; linked reversal/refund se negative effect aur audit history maintain karein.
- Tax aur tips liability hain - Revenue/Operating Profit/Staff Commission base nahi.
- User Cash, Named Bank/Online Accounts, Revenue, Expense, Receivable, Payable aur Settlement alag ledgers/concepts hain.
- Report totals screen/CSV/PDF/Print sab par same filters aur same cutoff se match karein.
- Super Admin authorized all branches; Admin assigned branch; cashier/accountant own cash; settlement self-approval prohibited.

13. Final developer instruction

Existing SalonOS ki blue/white clean UI preserve karo. Report ko read-only rakho. Posting source module mein hi karo. Filters screen, CSV, PDF aur Print par identical apply karo. Har movement source reference, actor, branch, date-time, status aur original reversal se traceable ho. Frontend mock tests ke baad backend/database posting aur RBAC separately verify karo.

Scope: 14 requested PDF reports only. Petty Cash ka naya module nahi. Actual IFRS company Balance Sheet is package mein nahi - user-wise My Cash Balance Sheet hi required hai.
