Attendance & Overtime Report

Shifts, Punctuality and Approved OT

DOCUMENT 13 OF 14

Report Name / Screen:* Attendance & Overtime

Seedha faisla:* Current columns suitable; manual approved overtime aur payroll tie-out mandatory.

Is PDF mein required fields, source se data ka flow, formulas, example amounts, access aur test cases document kiye gaye hain.

Important: Empty records ko fault nahi samjha gaya. Is report mein jo bhi improvement likhi hai woh design/verification requirement hai - screenshot se existing backend ka implementation confirm nahi hota.

Practical accounting blueprint • Roman Urdu • PKR examples only

Index - is PDF ke topics

1. Pehle se kya sahi hai 3
2. Kya add / change / verify karna hai 3
3. Data kahan se aaye ga 3
4. Required fields aur top filters 3
5. Sahi accounting formulas 3
6. Step-by-step transaction flow 4
7. Accounting events - income, expense aur cash alag 4
8. Example - sirf samajhne ke liye 4
9. Doosri reports se cross-check 4
10. Portal access aur security 5
11. Developer tests - kab sahi mana jaye 5
12. Saari reports par same accounting rules 5
13. Final developer instruction 5

Note: Index ke page numbers automatically final PDF ke mutabiq update kiye gaye hain.

1. Pehle se kya sahi hai

- Date, staff, branch, shift, In/Out, scheduled, worked, late/early, status, OT, amount, approved by correct.
- Staff/status/OT date filters strong.

2. Kya add / change / verify karna hai

- Break minutes, overnight shifts, timezone, manual correction reason, approved OT minutes/rate snapshots.
- Unapproved OT is not salary cost; manager-entered and authorized approval required.
- Missing punch correction logs; leave/holiday/overtime overlap checks.
- Overtime paid/earned once through finalized payroll or standalone policy, not both.

3. Data kahan se aaye ga

Source module / event	Rule - kya read karna hai
Shift schedule	Assigned scheduled start/end and holiday/off-day definitions.
Punch log	Actual check-in/check-out events and break records.
Leave	Approved leave and exceptions.
Manual OT	Admin-entered authorized OT hours, rate, approvals.
Payroll	Finalized payroll linking approved OT amount.

4. Required fields aur top filters

Table fields:* Date | Staff | Branch | Shift | In/Out | Break | Worked | Late/Early | Status | Approved OT | OT Amount | Approved By

Top filters:* Branch | Staff | Attendance Status | OT Status | Date Range | Search

5. Sahi accounting formulas

Worked Minutes

Valid Check-Out - Check-In - valid unpaid Break Minutes (overnight aware).

Late Minutes

Max(0, Actual In - Scheduled In - configured grace).

Approved OT Amount

Approved OT Hours × historical approved OT hourly rate (or configured payroll formula).

Total Worked Hours

Sum valid worked minutes / 60 across selected period.

Payroll OT

Only payroll-eligible approved OT with locked posting link, once.

6. Step-by-step transaction flow

- 1. Attendance captured via punch; missing punch flagged.
- 2. Schedule compare -> late/early and hours computed.
- 3. Authorized manual OT entered with reason/rate/date.
- 4. Reviewer approves OT; approved data fed to payroll.
- 5. Finalized pay run consumes OT eligibility once; adjustments audit linked.

7. Accounting events - income, expense aur cash alag

Conceptual posting view; actual ledger implementation mein linked Debit/Credit entries aur appropriate liability/asset accounts use hon.

Event	First impact	Second impact
Punch event	Operational event only	No direct expense or cash movement
Manual OT approved	Payroll eligibility snapshot	No cash movement before payout
Payroll finalized including OT	Payroll Expense recognized	Salary Payable recognized

8. Example - sirf samajhne ke liye

Example PKR values testing ke liye hain; current production database ya screenshot ke verified amounts nahi.

Example Item	Amount / Result
Scheduled	09:00 - 17:00
Actual	09:15 - 18:15
Unpaid Break	60 minutes
Worked Hours	8.0 h
Grace	5 minutes
Late Minutes	10 minutes
Approved OT	1 h at PKR 200
OT Amount	200

9. Doosri reports se cross-check

- Approved OT amounts to Salary Report and payroll finalization.
- Worked hours to Staff Performance (matching shifts/date/scope).

- Never treat raw hours beyond schedule as approved OT automatically.

10. Portal access aur security

Staff sees own; Admin/HR/Manager scoped team; Super Admin all authorized. OT edit/approve auditable separate rights.

11. Developer tests - kab sahi mana jaye

- Test 1: Cross-midnight 22:00-06:00 with 30m break -> 7.5h.
- Test 2: 09:15 vs 09:00 with 5 grace -> 10 late min.
- Test 3: Unapproved OT 2h => payroll OT 0.
- Test 4: Approved OT cannot post twice to payroll.

12. Saari reports par same accounting rules

- Posted row ke saath unique Source ID, Branch ID, actual user, date/time, status aur reversal reference hona zaroori hai.
- Valid transaction ko hard delete mat karein; linked reversal/refund se negative effect aur audit history maintain karein.
- Tax aur tips liability hain - Revenue/Operating Profit/Staff Commission base nahi.
- User Cash, Named Bank/Online Accounts, Revenue, Expense, Receivable, Payable aur Settlement alag ledgers/concepts hain.
- Report totals screen/CSV/PDF/Print sab par same filters aur same cutoff se match karein.
- Super Admin authorized all branches; Admin assigned branch; cashier/accountant own cash; settlement self-approval prohibited.

13. Final developer instruction

Existing SalonOS ki blue/white clean UI preserve karo. Report ko read-only rakho. Posting source module mein hi karo. Filters screen, CSV, PDF aur Print par identical apply karo. Har movement source reference, actor, branch, date-time, status aur original reversal se traceable ho. Frontend mock tests ke baad backend/database posting aur RBAC separately verify karo.

Scope: 14 requested PDF reports only. Petty Cash ka naya module nahi. Actual IFRS company Balance Sheet is package mein nahi - user-wise My Cash Balance Sheet hi required hai.
